- **Z2 QSL BUREAU.** Don, G3BJ, announced the following: "At the Zimbabwe Amateur Radio Society (ZARS) council meeting held on May 3, 2004, ZARS took the decision to close the Zimbabwe QSL Bureau. This is simply due to the excessive cost of services that are now prevalent in Zimbabwe. The main cost is for the posting of cards to the various bureaus around the world. This is coupled with a declining number of members such that reasonable subscriptions can no longer support the costs of running the bureau. ZARS has recommended to members that QSL Managers be sought if they do not already have a manager. A number have taken up the suggestion and arrangements have been made. Member societies should note this information and advise their QSL managers accordingly."
- Ken Holdom, ZL4HU (Group Organizer/Team Leader/QSL Manager), member of the Kermadec DX Association, reports the the issue of commemorative envelopes for the **ZL9CI** DXpedition in January 1999 was one of the significant milestones for this record setting DXpedition. The Kermadec DX Association has a small limited supply of these envelopes left, and they are anxious to find a good home for these amongst the very finest of collectors, DXers, and others worldwide. They are now selling these at the very modest sum of 10 USD per envelope postage paid. If you are interested please reply directly to: zl2hu@clear.net.nz

1. **2004 OLYMPIC GAMES** (Countdown on the Air program!). A special and interesting "Countdown on the Air" program will take place in the coming days leading up to the 2004 OLYMPIC GAMES (starting day August 13th) from many Greek radio amateurs. Look for nine Multi-Operators special event stations such as **SX9A, SX8A, SX7A, SX6A, SX5A, SX4A, SX3A, SX2A** and **SX1A**, from nine Greek regions to be active between **May 6th and August 12th**. The station SX9A was spotted this past week on May 6th. These stations will be on the air every 10 days, one by one, to celebrate the 2004 OLYMPIC GAMES. Their activities will be on all bands and modes. Some Greek radio clubs are providing several DX awards and planning special events for this program. All the contacts will be replied with a special QSL card via bureau. There will NOT be any QSL Manager. QSL via Greek Bureau ONLY. TM6, FRANCE. Look for special event station **TM6MKI** to be active **June 1-14th**, from the **Panazol** and **Haute Vienne** area (Limousin Province), for the **60th anniversary of the Landing in Normandy**. (D-Day, 6th of June 1944). This activity also commemorates the killing of most of the inhabitants in the village of Oradour sur Glane, who were shot and burnt in a church (10th of June 1944), by the "Das Reich" SS division, in retaliation of partisans actions. The suffix "MKI" has been chosen to symbolize the famous transceiver "MKII" used by the partisans during WWII. Some TM6MKI activities are scheduled using an original MKII transceiver, on June 5th and 6th. QSL per operator's instruction.

YI, IRAQ. Bob, N2OO, informs OPDX that James, KC4MC, is on a 6 month deployment to Iraq and will be active as **YI9MC**. More details are to be provided later. QSL via N2OO. Bob

states that it will be a nice photo QSL card.

ZA, ALBANIA (Last week's news from Albania by Martti, OH2BH). "Many noticed **ZA/OH2BH** and **ZA/OH2PM** signals bouncing in from Albania last week. Indeed, some 6000 QSOs were made--not only to please the Deserving but also to remind us about our shared responsibility to help those in need. This time, five stations were fully equipped: ZA1BH, ZA1BS, ZA1DC, ZA1DJ and ZA1S. These callsigns were launched into the battle and these fine people made their first radio contact to the world. Their signals reached all parts of the world with ease and also many U.S stations were on hand to experience their first day of operating. Radio equipment was donated by W3UR, K9MM, G3TXF, EA2NO and OH2PM, but many more recently licensed ZA hams are still in need of any gear to bring more ZA signals to the bands and make the Albanians welcome to this great passion of ours. You are welcome to join this undertaking by making your old gear active from Albania. Your contacts are K7JA c.margelli@vxstdusa.com, N7NG n7ng@arrl.org and K9LA k9la@arrl.net. Or just meet personally ZA1B, OH2BH, OH2PM, G3LQP and the above U.S persons in Dayton to present your desire for support. For U.S. tax payers, your donations can be processed by the Northern California DX Foundation. Contact W6OSP w6osp@aol.com for details."
